Congressman Mark Udall
1100 Bannock Street
Denver, Colorado 80204

Dear Congressman Udall,

I have been following your ascent and your consistent stance regarding Iraq and Veteran's benefits. Thank you for your work.

I am a former Infantry Medic/nor working at the national level with VA-DOD Healthcare Education programs (TBI and PTSD). I am also a Grammy-nominated Songwriter and Veterans For Peace member living in [REDACTED].

On the eve of another sad Memorial Day since "Mission Accomplished", I ask that you please do all possible to hold our president et al accountable for their failure to perform their duties as prescribed by our Constitution. Impeachment may seem illogical and unlikely but thousands upon thousands of us believe there is compelling and urgent cause for this Constitutional remedy.

Sincere thanks and best wishes,

Tom Chelston
